

Dear Patient,

We are pleased to welcome you to our practice, and look forward to our meeting. You and your family are important to us and we look forward to developing a positive and healthy relationship. Please click on the patient tab and print the patient forms and bring them with you to your appointment. You may fill them out in the comfort of your own home. Completed forms will help us address your specific concerns. Completing these forms in advance will save time and allow us to spend more time answering your questions and completing the clinical examination.

Please remember to bring all your medications (actual medications – not a list) to your appointment. Also remember, **do not take any antihistamines for 3 days prior to your appointment.**

If you are the parent or guardian of a minor patient and will not be the person bringing the child for the appointment, please complete the enclosed Patient Consent for the Disclosure of Information Form. This will enable you to designate other individuals to function on your behalf.

Please plan on this initial appointment to take between 1-1/2 to 2 hours, and note that the physicians run on a 15 minute cancellation policy. If you arrive 15 or more minutes late to your scheduled appointment, you may be asked to reschedule.

Thank you for choosing our office. On behalf of our entire staff we look forward to seeing you and we will do everything we can to earn and keep the trust you have placed in us.

Sincerely,

Dennis E. Dilley, M.D./Christopher Calabria, M.D./Phillip McAllister, PA-C
